

LIMITED PRODUCT WARRANTY

This SolarEdge Technologies Ltd. limited warranty (the "Limited Warranty") covers defects in workmanship and materials of the below-listed products ("Products") for the applicable warranty period set out below ("Warranty Period"). See [Products Covered and Warranty Period](#).

The Limited Warranty only applies to the buyer who purchased the Products from an authorized seller of SolarEdge for use within the continent where SolarEdge originally sold the Products and in accordance with their intended purpose. The Limited Warranty may be transferred from the buyer to any assignee and will remain in effect for the time period remaining under the foregoing warranties, provided that the Products are not moved outside their original country of installation. Also, any reinstallation must follow the installation procedures and guidelines accompanying the Products (collectively the "Documentation").

Warranty Activation

If the buyer discovers any defect in workmanship and materials within the applicable Warranty Period and wants to activate the Limited Warranty, then the buyer must promptly after such discovery report the defect to SolarEdge by sending an email to support@solaredge.net.au, or by contacting SolarEdge via the support portal on the website in the installer section <https://www.solaredge.com/aus/service/support/>, or via the phone at: T:+61 1800 465 567. The email must include this information: (i) a short description of the defect, (ii) the Product's serial number, and (iii) a scanned copy of the purchase receipt or warranty certificate of the applicable Product. Note that the Product's serial number must be legible and properly attached to the Product in order to be eligible for coverage.

After receiving notification from the buyer, SolarEdge will determine whether or not the reported defect is eligible for coverage under the Limited Warranty. If SolarEdge determines that the reported defect is not eligible for coverage under the Limited Warranty, SolarEdge will notify the buyer accordingly and will explain the reason why such coverage is not available. See [Warranty Exclusions](#).

If SolarEdge determines that the reported defect is eligible for coverage under the Limited Warranty, SolarEdge will notify the buyer accordingly, and SolarEdge may, at its sole discretion, take any of the following actions:

- Repair the Product at SolarEdge's facilities or on-site.; or
- Issue a credit note for the defective Product in an amount up to its actual value at the time the buyer notifies SolarEdge of the defect, as determined by SolarEdge, for use toward the purchase of a new Product; or
- Provide the buyer with replacement units for the Product. When replacement Products are sent, SolarEdge generally sends them within 48 hours. SolarEdge may use new, used or refurbished parts that are at least functionally equivalent to the original part when making warranty repairs. The repaired Product or replacement parts or Product, as applicable, will continue to be covered under the Limited Warranty for the remainder of the then-current Warranty Period for the Product.

In any of the above, SolarEdge will determine if the Product should be returned to SolarEdge and, if SolarEdge so determines, the Return Merchandise Authorization ("RMA") Procedure will be invoked. When the RMA Procedure is invoked by SolarEdge, SolarEdge will instruct the buyer how to package and ship the Product or part(s) to the designated location. SolarEdge will bear the cost of such shipment, upon receipt of the Product or part(s), SolarEdge will, at its expense and sole discretion, either repair or replace the Product or part(s)

SolarEdge will deliver the repaired or replaced Product or part(s) to the buyer at the buyer's designated location in countries where SolarEdge has an office and/or there is a significant PV market. For the specific list of countries to which such service is provided, see http://www.solaredge.com/articles/shipping_cost_coverage_warranty.

SolarEdge will bear the cost of such shipment, including shipping and customs (where applicable), and the buyer will bear any applicable value added tax. SolarEdge may elect to ship replacement Product(s) and/or part(s) prior to receipt of the Product and/or part(s) to be returned to SolarEdge as per the above.

All costs, including, without limitation, labor, travel, and boarding costs of SolarEdge service personnel or others that are incurred for labor relating to repairs, uninstalling, and reinstalling of Products on-site, as well as costs related to the buyer's employees and contractors repair or replacement activities, are not covered by the Limited Warranty and, unless otherwise agreed in writing in advance by SolarEdge, will be borne by the buyer.

Australian Customers: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. The benefits to the consumer given by the warranty are in addition to any other rights and remedies of the consumer under a law in relation to the goods or services to which the warranty relates. This warranty only applies to end consumers who have purchased the products for their own use.
