

Generate Compelling Proposals, Win More Business

Deliver precise sales proposals
that capture the full picture for
homeowners - on the spot.

Revolutionize the Way You Sell Solar

Quick & Easy

- Simplifies the entire sales process, enabling immediate closure
- Full proposal on your tablet in minutes

Customized & Branded

- Tailored to each homeowner's energy needs and utility rates
- On-the-spot design adjustments
- Branded proposal for your company

Accurate & Professional

- Full 3D modeling for solar and storage system powered by Designer
- Solar and storage simulation enables optimized energy efficiency and maximum savings
- All simulations are powered by SolarEdge ONE our 24/7 energy optimization system

Cost Saver

- Simulates system costs and maximum savings and ROI
- Replaces expensive tools that can cost over \$100K/yr

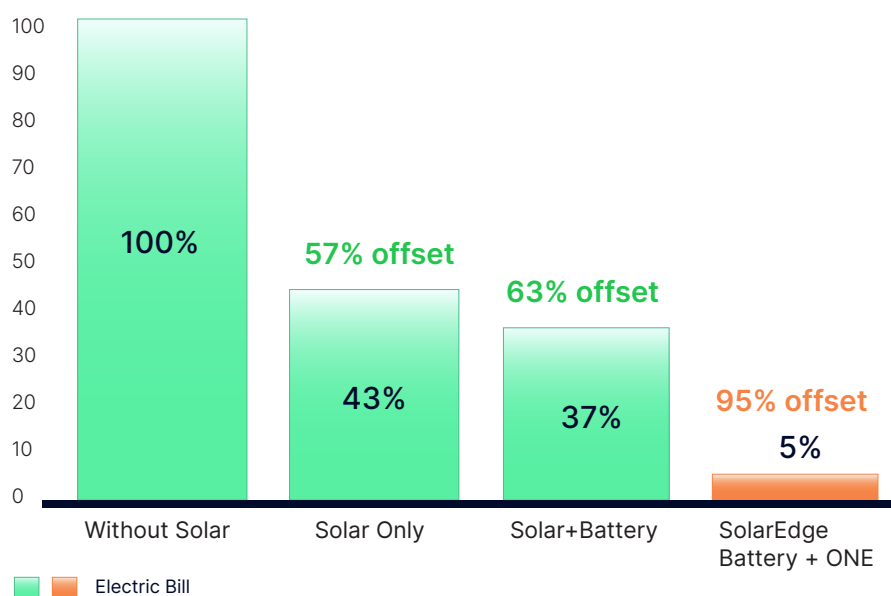

Solar & Battery Simulation Including Dynamic Plans

Show your client their monthly and lifetime estimated savings with SolarEdge

Financial analysis assumptions

- Based on 50 SolarEdge residential sites in the Netherlands
- Annual consumption 2-16 MWh
- Systems with 10kWh battery
- Dynamic tariff plan (excluding energy taxes and VAT)

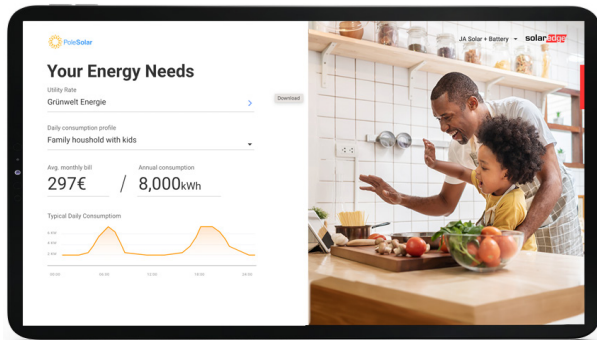

Annual Savings Breakdown

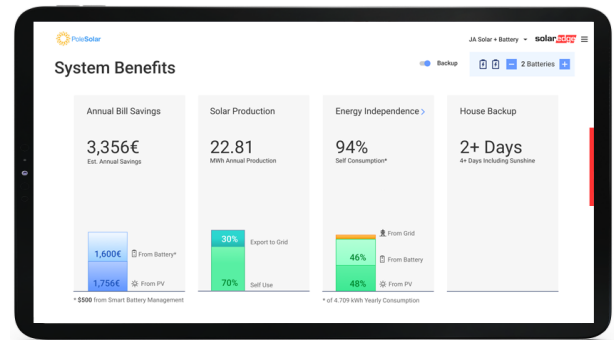

*The Sales Proposal is limited to selected installers approved by SolarEdge at its sole discretion and is intended exclusively for qualified, professional installers who meet SolarEdge criteria. Contact your SolarEdge representative to join our Early Adopter Community

Streamlining Your Entire Sales Process

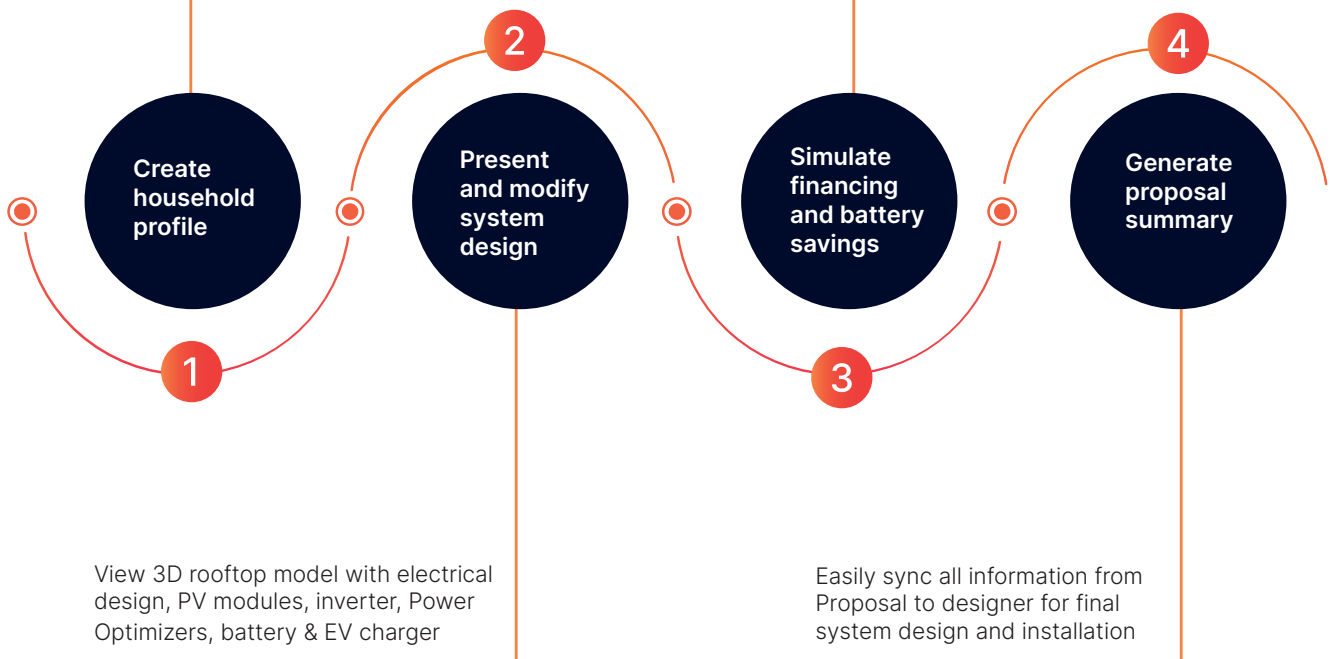

From Start to Finish

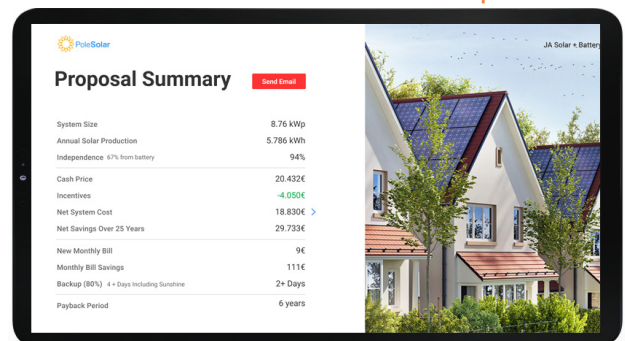

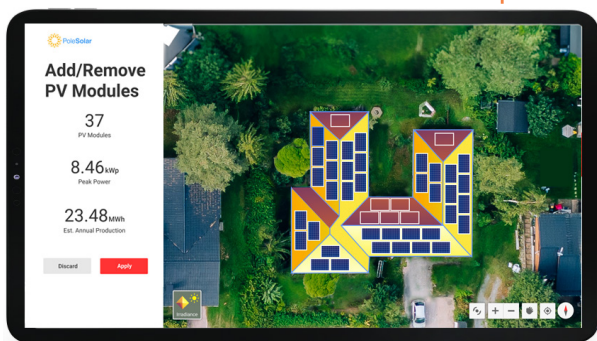

Set homeowner utility provider & rates, monthly bill and annual consumption

Visualize battery, backup, costs, bill savings and ROI, with full breakdown of energy sources

View 3D rooftop model with electrical design, PV modules, inverter, Power Optimizers, battery & EV charger

Easily sync all information from Proposal to designer for final system design and installation
