

# Generate More Proposals, Win More Business

Deliver precise sales proposals  
that capture the full picture for  
homeowners - on the spot.

## Revolutionize the Way You Sell Solar

### Quick & Easy

- Simplifies the entire sales process, enabling immediate closure
- Full proposal on your tablet in minutes
- Quick loan request submission

### Customized & Branded

- Tailored to each homeowner's energy needs and utility rates, including NEM 3.0
- On-the-spot design adjustments
- Branded proposal for your company

### Accurate & Professional

- Full 3D modeling for solar and storage system powered by Designer
- Solar and storage simulation enables optimized energy efficiency and maximum savings
- All simulations are powered by SolarEdge Home Energy Management System

### Cost Saver

- Simulates system costs and maximum savings and ROI
- Replaces expensive tools that can cost over \$100K/yr

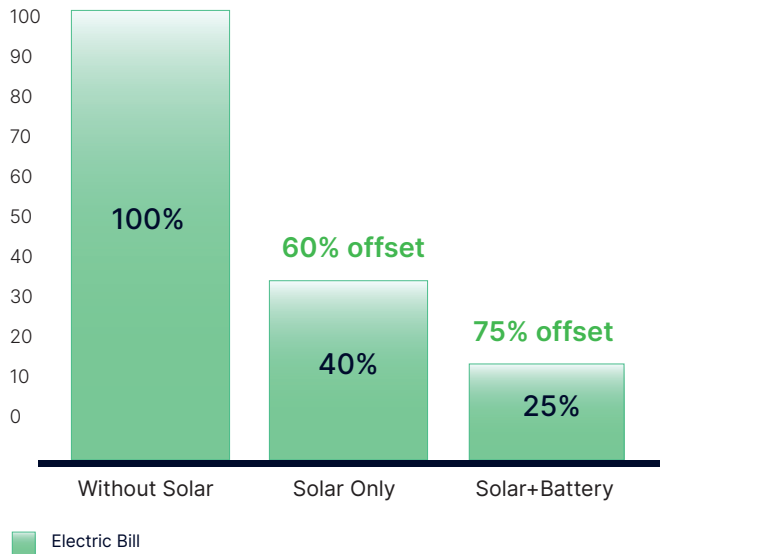

# Solar & Battery Simulation for NEM 3.0

Show your client their monthly and lifetime estimated savings with SolarEdge

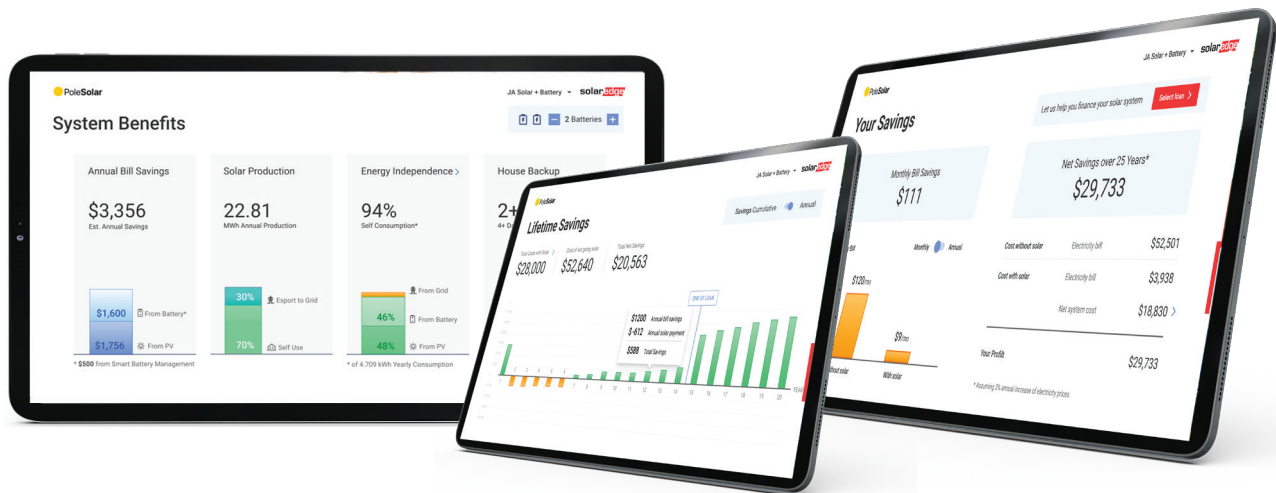

## Financial analysis assumptions

- System size between 5-10 kWp
- Annual bill savings for year 1
- Median annual consumption
- Cash payment

Annual Savings Breakdown

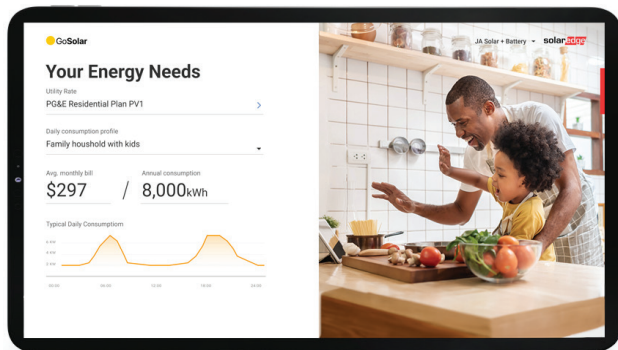

Annual Savings by Source

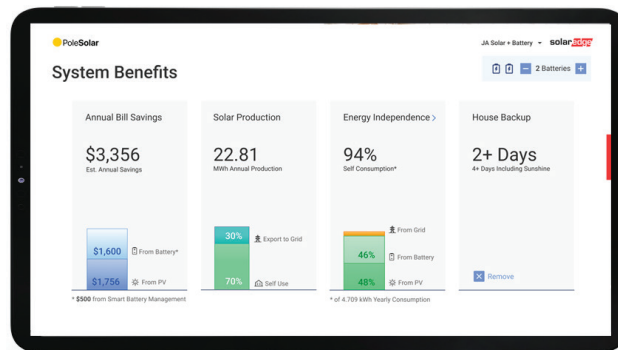

\*The Sales Proposal is limited to selected installers approved by SolarEdge at its sole discretion and is intended exclusively for qualified, professional installers who meet SolarEdge criteria. Contact your SolarEdge representative to join our Early Adopter Community

# Streamlining Your Entire Sales Process

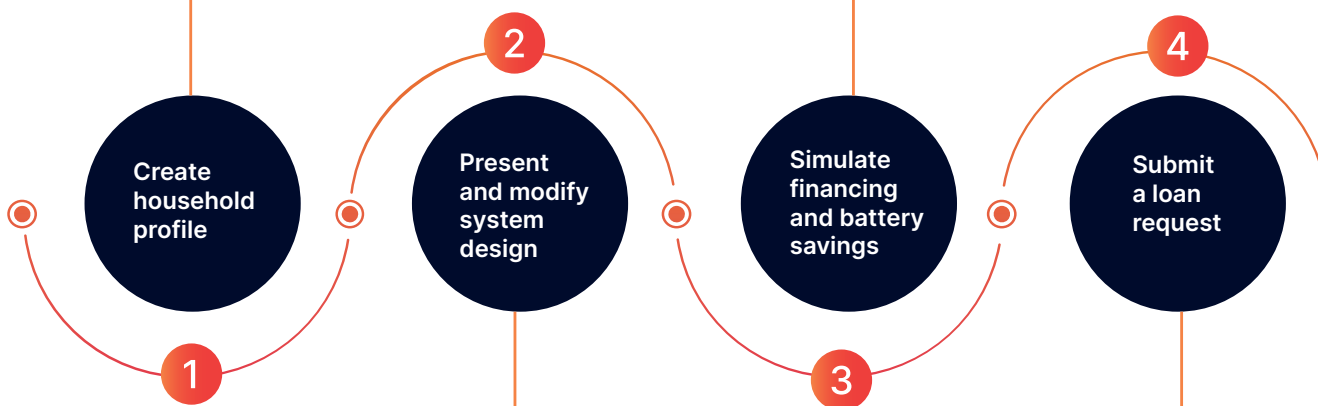

## From Start to Finish

Set homeowner utility provider & rates, monthly bill and annual consumption

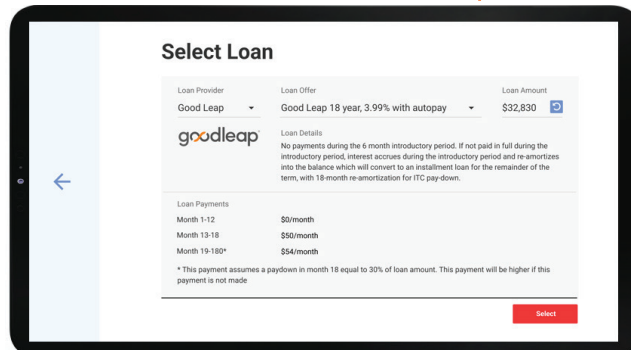

Visualize battery, backup, costs, bill savings and ROI, with full breakdown of energy sources

View 3D rooftop model with electrical design, PV modules, inverter, Power Optimizers, battery & EV charger

Seamless API integration with GoodLeap for quick & easy loan submission process
