

# QuickStart Guide

## SolarEdge Proposal Onboarding Steps

To ensure a smooth onboarding process for our Proposal tool, please follow these steps:

### Step

1

Customize Settings in the Designer platform - Refer to the [onboarding video](#) for guidance.

### Step

2

Create your first project - Watch [this video](#) for step-by-step instructions. Then simply go to: [designerbeta.solaredge.com](https://designerbeta.solaredge.com)

## What You Need to Send Us for Your Company Overview Presentation

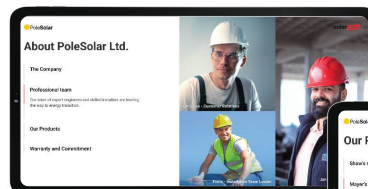

### Main Page Design:

- Main page background image (1280×600 resolution, JPEG or PNG, 10MB maximum)
- Header Text (up to 64 characters)
- Body Text (up to 1054 characters)

### Company Pages Design:

- Header text (up to 64 characters)
- Up to 4 bullet points
- Body text for each bullet point (up to 1054 characters)
- Background image for each bullet (500×500 resolution, JPEG or PNG, 10MB maximum)

**NOTE:** If you choose not to include your company overview in your Sales Proposal, then you can use the general template with all other capabilities.
